Christmas Greeting to all

THE CHRISTMAS spirit is abroad throughout the land and is evidenced everywhere in the merry crowds, excited little ones, caressing snow flakes, borne on the wings of the north wind, the crackle of the log on the hearth and once more we are prepared to throw dull care away in the revel of the yule tide. We are with you in all the good things of the season, and extend to all a

Paper Bag Cooking

MEANS ECONOMY IN FOOD

Roasts cooked in Paper Bags do not Shrink, and all Meats and Vegetables Retain Their Natural Savors --- No Waste of Any Sort in the Cooking

Cooking Revolutionized for American Housewives

General Directions For Paper Bag Cooking Epitomized

Select a bag that fits the food to be cooked. Grease bag well on inside, except in case of vegetables or when water is to be added. When food is seasoned and otherwise prepared, place in bag, fold mouth of bag two or three times and fasten with a wire paper clip. Also fold and clip corners of bag to make it fit food snugly. If bag leaks in cooking do not transfer food to a new bag. Simply put the bag within another.

Place bag in oven, (gas, coal or oil) on grid shelves or wire broiler, never on solid shelves. Place seam side up always. Do not move or open bags when once placed for cooking, put roasts and entrees on lower shelf, fish on the middle, pastry, etc., on the top, where heat is most intense. Have oven hot (200 degrees Fahr.) by lighting the gas eight minutes before putting in bag, then slack heat one-third to one-half as soon as the bag corners turn brown. Do not let bag touch sides of oven or the gas flames. Adhere to time given in recipes, then food will be well cooked.

Take up bag by dipping the lid of a tin pot underneath it. To secure gravy, let out water, etc., stick a

pinhole in bottom of bag and drain over a dish.

Recipes by Miss Anna Marshall, Demonstrator, at Electric Show.

Except in cases of pies, no dish should be used in paper bag cooking.

BROILED CHICKEN---Split the chicken down the middle of the back, spread flat and put a skewer in each side to prevent it from curling. Beat up a very fresh egg, with a pinch of salt, black pepper to taste, an ounce of melted butter, a teaspoonful of Worocestershire sauce or something similar and a teaspoonful of made mustard. Mix well. With a brush glaze the chicken with the mixture. Place in a greased bag with bread crumbs around and over it. Be careful that the skewers do not tear the bag. Seal up tight and cook

thirty-five to forty minutes in a very hot oven.

MUSHRCOMS---Peel and wash the mushrooms, brush them lightly over with melted butter, dust with salt and pepper and put into buttered bag with a lump of butter, a little water and a spoonful of lemon juice or port or sherry wine. Seal tightly and cook in a hot oven twelve to twenty minutes.

QUICK POTATOES---Take a large white potato for each person to be fed. Peel, slice thin, drop in cold water for five minutes, then drain, sprinkle with salt and pepper and pack compactly in a well greased bag, adding a tablespoonful of stock or milk and water for each two potatoes. Seal and cook twenty minutes.

Railed notations can be used and take only helf as long.

Boiled potatoes can be used and take only half as long.

BAKED APPLES.—Wash well, but not peel, cut specks and bruises, core, fill the bottom of the core space with a lump of butter, over which pile sugar and add a bit of cinnamon. A clove stuck in the side may take the place of the cinnamon. Seal inside a well greased bag and bake eighteen to twenty minutes in a fairly hot oven. Serve with sugar and cream or hard sance.
